All Homes form part of a Management Company

The Management Company Service Charge:

The management company is responsible for the maintenance schedule and 3rd party insurances relating to the open space including the maintenance of the Public Right of Way and watercourse. It is also responsible for the maintenance of the on development surface water storage crates and the Surface Water lift pump. The management company will provide financial statements each year.

The estimated budget for the service charge will be £100.00 per year with the initial management fees to be paid upon completion of your home.
